The News in Brief

ST. PATRICK'S DAY—For a plot of ground as comparatively small as Ireland, it has more than done its share in providing the world with famous men and winning itself a place of distinction in the family of nations. Best known of all its great is, of course, the patron saint of the Irish—St. Patrick—whose memory is honored each year on the 17th of March. On this day all the world is Irish. The weariness of the green transcends national borders and nationalities and many who are no more Irish than the man from outer space, sport the color of the Emerald Isle with as much enthusiasm as the natives of the land.

It all makes for a happy occasion—and sometimes a scrappy one. But what's St. Patrick's day without a bit of vigorous action? It's all part of the celebration.

BENEFIT DESSERT WHIST—The Albany Mother's Club is holding a benefit dessert whist at 12:30 p.m. Tuesday at the Albany YMCA, 921 Kains Ave. Proceeds from the monthly events are used for the club's charity projects. Mrs. Elsie Thorpe, chairman has extended an invitation to the public.

SERVING IN FRANCE—Army Pvt. Eugene C. Stanford, son of Mr. and Mrs. Roy Stanford of 972 Kains Ave., recently participated in ODEX 16, an offshore exercise conducted near Bordeaux, France. Pvt. Stanford, whose wife, Joy, is with him in France, is a member of the 81st Transportation Boat Co. He has been overseas since last December.

WHIST PARTY—Campanile Unit 402, American Legion Auxiliary

is holding a whist party at 8 p.m. Tuesday in the Berkeley Veterans' Memorial Building, 1931 Center St. Proceeds will benefit the unit's child welfare and veterans' rehabilitation programs, according to Mrs. Gladys Lewis of Albany, president.

SWIM PARTY—Cubs and fathers of Albany Cub Pack 7 will hold a swimming party at 7:30 p.m. Tuesday at the Albany Pool as their special March meeting. Following the swim, the sons and dads will assemble at Cornell School Cafeteria for refreshments. Achievement awards will be postponed and distributed at the April pack meeting, according to Cubmaster Raymond Paine.

Methodists to Hear Three Lenten Sermons

"Life's Great Temptations" will be the theme of three Lenten sermons to be delivered by the Rev. Douglas Henderson at the 11 a.m. service for the next three Sundays at Albany Community Methodist Church. This Sunday's topic will be "The First Temptation: Materialism."

Rev. Henderson will appear in a leading role on television Sunday, in "The Church In Thy House," KPIX Channel 5 at 5:30 p.m.

School Board Approves New Youth Council

The Albany Board of Education Tuesday night approved a coordinating council of juvenile agencies aimed at dealing with delinquency before it becomes a serious problem.

George Chessum, assistant principal at Codornices School was given the board's unanimous approval to attempt the project to bring the city's many juvenile groups together in a permanent organization.

Addressing the board after attending the recent Governor's Conference on Youth, Chessum said similar councils are in operation in Los Angeles and other Southern California cities and proving valuable in combating juvenile problems.

Chessum said he first would attempt to organize representatives of eight or nine juvenile organizations and agencies operating within the city.

Because Albany's juvenile problem is closely associated with Berkeley's, Chessum later will ask the city's agencies, as well as Alameda County's, to join the liaison effort.

At the present time, Chessum commented, problem juveniles too often come to the attention of public and private agencies only after they become "police records."

The coordinating council will attempt to eliminate the situation, he said, taking steps to identify early juvenile delinquency and doing something to correct it.

In other action, the Board authorized the purchase of \$1259.16 worth of new equipment including two duplicators, valued at \$239.16 and \$210, five typewriters at \$135 each less \$25 trade-in allowance on the old machines, and a \$260 food

Albany Rejects Key Tax Cut Request

Council Eyes Law to Limit Pigeons

The Albany City Council today has rejected a request of Key System to be exempt from the payment of its franchise tax which amounts to approximately \$4000 a year.

Glenn L. Stanley, Key president, notified 11 East Bay cities March 3 that his company was "compelled" to make the request "as all costs over which we have control are being reduced to the minimum."

Stanley's letter labeled the franchise tax "entirely unjustified" and "outmoded."

Action was taken Monday night on a motion introduced by Councilman Jerome Blank, following an hour-long discussion on Key System's proposed cuts in service.

City Atty. Edward R. Plotner explained that if the request is granted, Albany would in effect be subsidizing the transit company to the extent that it would take money out of its pocket and put it in Key's.

"If the Key System needs to be subsidized, I would rather wait until some public transportation company is formed and then subsidize it," Plotner said.

Councilwoman Mrs. Kathie Zahn charged that "the city of Albany needs the revenue more than Key System does: the city is operating on a very close budget and damage to the streets caused by stopping of buses is very great and requires constant repair. I believe that if Key is looking for further relief it would be better to have them stop their track removal program, which costs a lot more than the franchise taxes."

Councilman Jerome Blank said in a prepared statement that exemption of the Key System franchise payments "would mean the loss of considerable amount of money to the cities and in the case of the city of Albany, a loss that Albany cannot afford to sustain at this time."

Blank said, "It is my belief that we must take a new look at the entire transportation problem. It is sadly apparent that increasing the rates and decreasing service does not pull Key System out of the red."

Blank went on to list his 10 suggestions, which he said are "proven methods to bring a business out of the doldrums." Included were an intense advertising campaign, better public relations, posted schedules, script books, bargain days to attract more patrons by cutting fares during non-rush hours and others.

Councilman William Donahue pointed out that the transit company for Cornell School Cafeteria.

The Board also voted to adjust the Adult Education registration fees at \$1.50 for each school quarter with 11 weeks or more, and \$1 per quarter under 11 weeks.

SPRING CLEANUP BEGINS MONDAY

Albany's annual clean-up week will get under way Monday when city trucks will call in the residential areas to pickup junk and other debris which constitute fire hazards.

"One of the surest measures of fire prevention is to remove all flammable rubbish and debris," Fire Chief Fred Pimental emphasized today.

"This annual clean-up week," Pimental added, "offers each citizen an opportunity to have this debris hauled away from his home free of charge and at the same time remove hazards of fire which may endanger his home and family."

"Let us preserve the record of cleanliness and the low fire loss that we now enjoy in Albany by getting behind this spring clean-up period," he stressed.

City Engineer H. N. McLaughlin reminded that the city will provide men and trucks to pickup refuse placed between the sidewalk and curb to be disposed of at the city dump. He added, however, that debris of non-inflammable nature—such as concrete, dirt and rocks—would not be picked up.

Pickup schedule will be as follows:

Monday, March 15—San Pablo

Ave. west and Buchanan St. north to city line.

Tuesday, March 16—San Pablo Ave. east to Santa Fe tracks between the north and south city boundaries.

Wednesday, March 17—Santa Fe tracks east to city boundary between Solano Ave. and the El Cerrito line.

Thursday, March 18—Santa Fe tracks east to the city boundary between Solano Ave. and the Berkeley line.

If you've been a follower of "One Man's Family" on radio you have surprises in store in the television version. 16-year-old Anne Whitfield has been heard in the role of Claudia for the past nine years. On TV she'll be Claudia's daughter, Penny. It's all possible because the show's producer, Carlton E. Morse, has changed the clock for the television show.

★
A POLICEMAN FOR A POLICEMAN'S JOB
★

RALPH M. JENSEN

The citizens of the City of Albany are faced with the responsibility of electing a qualified man for one of the most important positions in any city government when they go to the polls on April 13th. THAT IS A NEW CHIEF OF POLICE.

Albany is one of the few cities in the State of California where a chief of police is elected rather than appointed. In most cities men are promoted to the rank of chief or appointed to that position after taking competitive examinations. In a few instances the governing bodies of cities will appoint a man from outside the city, but he will ALWAYS be a man well qualified and with years' of actual, front line experience in law enforcement work. THEY ALWAYS CALL IN A POLICEMAN TO DO A POLICEMAN'S JOB.

The people of the City of Albany are very fortunate in having a candidate who is a career man in the field of law enforcement and a man who has PROVEN ADMINISTRATIVE ABILITY.

He now holds THE NEXT HIGHEST RANK TO CHIEF, a position that he has earned by his faithful service to the community and through open competitive examinations. HE IS A MAN WHO PLEDGES CONTINUED SERVICE TO THE CITY.

INSPECTOR RALPH JENSEN of the Albany Police Department is the policeman who can do the policeman's job. Let's be thankful that we have such a well-qualified candidate. SUPPORT HIM AT THE POLLS ON APRIL 13th.

WITH THE SLOGAN "We care—we share—we learn—we earn—we reach—we teach" the Junior Red Cross has opened its annual enrollment and fund drive. Above, Noel Clemens, president of the Junior Red Cross Council, shows service records of the various Albany and Berkeley schools to members of the council. Left to right, are Alan Kent, Oxford School; Frank Holland, Codornices; Noel Clemens, Albany High School, and James Riley, Columbus School.

pany's equipment is obsolete and they know rapid transit is on its way in. They want to get out before it's too late."
In other action, the Council approved an ordinance proposed by Mayor Lewis Howell to limit the number of pigeons raised by a single homeowner to 25 within the city.
Howell told of one resident on Cornell Ave. which kept 100 of the birds and that neighbors have asked for protection. "Any more than 25 pigeons is a nuisance," he said. Howell said that carrier pigeon breeders in Albany were in accordance with the limit.

The Council also approved a resolution urging the Federal Communications Commission to grant the last remaining television channel in this area to Channel Two, Inc. Two other applicants for the channel are radio station KFRC in San Francisco and Ed Pauley, Southern California oilman.

Records reveal that Albany Rotarians have performed services as campaign directors, chairmen, services and workers in Community Chest, United Cypside, Red Cross, office of Price Administration (Ration Board), Chamber of Commerce, Boy Scouts, Disaster Relief, War Finance Committee, Retail Merchant Association, March of Dimes, members of the local Y. M. C. A. Board of Management and leaders in the construction of the present YMCA building.
Other community services have been providing glasses for needy children, dental work for needy children, providing wheel chairs, building a \$1600 craft cabin, purchased 100 choir robes and stoles for the Albany High School Choir, erected a \$1300 electrically controlled scoreboard for the new high school athletic field, assisted in constructing the Boy Scout cabin at Camp Wolboro, and sponsored Christmas party for the boys in Chung Mei Home.
The Albany Rotary Club has always been interested in service to youth. A student loan fund was started by each member to be used in assisting young people to attend colleges and universities. Three or four loans were made, but because of the trend of the times young people soon became disinterested in loans and a scholarship fund was initiated in 1951. The first award of \$450 was presented to Phillip Geoffrey Keppel on June 2, 1952, enrolled at the University of California.
The Albany Club, No. 3307 of District 157 of Rotary International, is one of 7000 clubs located in 80 different countries. Each club helps make possible a Rotary Foundation which finances a post-graduate year of study abroad to university graduate students. Hundreds of

selected exchange students availed themselves of this are now making real contact to their home country.
The Rotary motto, "Above Self," is one that continues in the life of the local and Rotary clubs throughout the world. The four objects of are:
1. The development of service as an opportunity for advancement.
2. High ethical standards in business and professions; the recognition of the worthiness of all occupations; and the dignity of each Rotarian of his occupation.
3. The application of the service by every Rotarian in personal, business and community life.
4. The advancement of international understanding, good will and peace through a world of business and professions united in the ideal of service.
President Harold G. Denham preside at the birthday meeting. Walter Teasdale will be in ceremonies.

AN OPEN LETTER TO THE Voters of Albany

"The success of the Albany Police is based on the versatility of its members, their willingness to serve, and their determination to accomplish the police purpose. These characteristics are evidence of the superior quality of its members, of their training, and of the leadership that has been provided by their Chief."

This is a direct quotation of Mr. O. W. Wilson, noted criminologist and police administrator, from his recent survey of the Albany Police Department.

The pride we feel as a result of Mr. Wilson giving us such recognition only adds to the pride we have always felt in our fine organization.

As trained police officers we recognize the need for a person trained in police work to fill the office of Chief of Police which will soon be vacated by our present Chief, Stanley C. Williams.

Police work is a specialized service. It is inconceivable to us and many authorities, that a person who has no knowledge of police administration or even basic police work, can ably lead a Police Department in its daily function.

We are united in our opinion that a policeman must fill a policeman's job. Therefore, we urge you to vote for a qualified police officer in the coming election for Chief of Police.

We believe that in doing so, you, the taxpayers, will be assured of the continuation of the fine service now provided by your Police Department.

THE UNIFORMED MEMBERS OF THE ALBANY POLICE DEPARTMENT

We're not mincing words... we say

It takes father-and-son craftsmanship to make Studebaker the best built car in America!

This is a challenge we are glad to sign—a challenge from South Bend to Detroit. It is a challenge to all cars for a comparison of quality and durability with Studebaker—the best built car in America unquestionably.

Care that counts!
Upstanding citizens—many of them unique father-and-son teams—proudly make the great modern Studebaker production lines.

They are home-town people mostly—nearly all of them are Indiana born and bred—and that's one reason why they are the most painstaking craftsmen anywhere in automobile manufacturing.

Thanks to the constant care taken, the name Studebaker means, not only a great car, but, a quality way of building cars.

See what you gain!
Come in and examine the superb construction of the new 1954 Studebaker. See how solid and sound it is throughout. It's more than the best built car in America. Its far-advanced style is like money in the bank for you as insurance of high resale value.

STUDEBAKER
THE GREAT INDEPENDENT...
PIONEER AND PACEMAKER

Father-and-son teamwork puts long life into every Studebaker.

For over 102 years, father-and-son teams and other able craftsmen have been proudly protecting Studebaker quality.

Get ahead of the parade! Get more when you trade!

White sidewall tires and chrome wheel discs optional in all models at extra cost.

SOROPTIMIST

Mary Hager, graduate student from the University of California gave an outstanding account of her recent trip to Pakistan at the Soroptimist meeting Wednesday. She was one of 12 students making a trip to Pakistan, India and Ceylon to study economic and political fields in those countries. Underlying the mission was a desire to represent America from the student level so that students from both countries could reach a common understanding of each other's problems. The group of students financed their trip on their own initiative, and did not represent any political group or governmental agency.

Miss Hager felt the Point Four Program, Unesco and United Nations were all doing a worthwhile job in the countries visited, especially the Point Four Program, which is working with the citizens and farmers of the country in an effort to bring advanced methods of production and management to their farms and industries.

The Soroptimists extended a grateful thanks to Miss Hager for her address, and hope that many more groups from our American universities will be encouraged to follow the pattern so successfully carried out by this group from the University of California.

Mary Loos, program chairman for next Wednesday's meeting to be held at The Roberts will introduce Dr. John C. Weaver, who will speak on "Affairs of the Heart for the Woman Past Forty." Club members are invited to bring guests.

Dr. Florence Harris is donating a piano for the use of the Senior Citizens; all we need now are the choristers!

AHS to Present Annual Concert

The Albany High Band and Orchestra will be featured in their seventh annual concert on the evening of March 26. The program has been carefully selected to appeal to all tastes and includes everything from Beethoven's "Egmont Overture" to a slightly wild jazz version of "At the Gremelin's Ball."

This year's concert will feature five student soloists: Kathleen McGaw, violin; Laurie McGaw, trumpet; Sharon Schaal and Ernie Schorsch, sousaphone; and John Zuerner, oboe. All of the soloists are well known in East Bay musical circles and all, with the exception of Kathleen, are seniors making farewell solo appearances at this concert.

The Albany High Band is sponsoring the event. The dads are helping band chestra members with plans, ticket sales and promotion. Tickets will go on sale the middle of March. Students be admitted for 25 cents. Tickets are 50 cents. The concert will be held in the gymnasium at 8 p.m.

Isn't this why more people want—and buy—Chevrolets than any other car?

See how Chevrolet stays ahead of other low-priced cars in all the things that mean the most to you. See how much less Chevrolet costs you—it's the lowest-priced line of them all. Come on in and let us show you how you can have the things you want and be a good many dollars ahead with a new Chevrolet. That's promising a lot, but we welcome the chance to prove it!
